4. Applies contemporary methods the effect of the placemaking principle in defining adequate measure development and applications strategy development someone space ;
5. Applies independently and as member team methods analysis in defining adequate measure applications the above-mentioned PS principles for action in practice ;
6. Independently solves and suggests specific designer approaches that form connection between theories and existing conditions for application innovative PS model .

Name and last name teacher and associates : prof. Dr. Vladimir Mako, Dr. Nikola Marković

Teaching method and overcoming materials : lectures , exercises , tests , projects tasks .

WORK PLAN

Sunday :	Name methodological unit for lectures (P), exercises (V) and others teaching contents (O); Planned shape checks knowledge (Pz)	
Preparatory Sunday	Introduction , preparation and enrollment semester .	
And Sunday	P/V/L	Introduction acquaintance with areas research and topics on to the subject Placemaking. EXPLANATION OF TERMS, REGULATIONS AND NORMS. Incidence analysis on relating to tasks research from this one subjects . - 2 hours
II	P/V/L	Introductory lectures - introduction professional texts and analysis presentation on development PS strategies : - 4 hours (2X2 hours) observation occurrences of placemaking and their analyzing with critical review . Defining certain basic principles related to this topic as and important concepts and the process that they as such generate , establish or only articulate .
III	P/V/L	Continuous preparation for the exam project in the form final work: - 4 hours (2X2 hours) of analysis possibilities placemaking innovation at certain experimental examples - networking perceived occurrences . Choice topic intended for work with students on make seminar experimental research .
IV	P/V/L	Consultations for production seminar paper: -- 4 hours (2x2 hours) Analysis of different strategy for Placemaking. Spotting and application conditions that determine space for a specific typology of PS. Monitoring and analysis preparatory works which are students achieved through earlier placed domestic tasks . Consultations with proofreading attached draft research .
V	P/V/L	Interpretation final instructions for making semester work: - 2 hours Semester work on exam from of Placemaking subjects , presents crown research which the student conducts during semester where are they analyzed principles and developmental placemaking topics , what results kind of creative by process student reflections on public space where is progress continuously develops and analytical sees in context topics which they author define in accordance with with learned .
VI	P/V/L	Final pre- exam consultations : - 2 hours . Last two hour being used for finals pre- production consultations seminar work - which represents some type review , or summary of work during semester , with final experimental by example applications perceived values and appearances placemaking which are students during duration semester learned analytical to think about and to apply in relation to on selected locations public space .
VII	PZ	Final exam .
VIII	<i>Verification semester and enrollment rating</i>	
IX	Correctional exam deadline	

Obligations student in progress classes : lectures , exercises , discussions , projects tasks .

Consultations by e- mail : YES
